TWENTY-FOURTH ANNUAL MEETING  
OF  
**The Presbyterian Hospital Society**  
OF THE  
CITY OF CHICAGO

---

CHICAGO, April 8, 1907.

The annual meeting of the Society was held as usual in the Chapel of the Hospital, pursuant to call and notice duly given.

Mr. Day, President of the Board of Managers, was unanimously chosen as Chairman of the meeting.

On motion, Mr. Douglass, Secretary of the Board of Managers, acted as Secretary.

Those present were: Mrs. J. F. Titus, Drs. Graham, Ingalls, Hyde, MacArthur, and Messrs. Titus, Hamill, Hutchinson, Wheeler, Drake, Rawson, Holden, Day, Lord, Sisson, Bacon, Jones, Douglass.

Mr. Day gave a statement verbally of the work accomplished during the past year, and was able to report that for the first time in the history of the Hospital we closed the fiscal year with a small surplus.

Mr. John B. Drake, Jr., Treasurer, was not able to make his report, sufficient time not having elapsed after the close of the month.

The following gentlemen were unanimously elected as the class of 1911, viz.: John B. Lord, F. H. Rawson, Albert A. Sprague, F. S. Shaw.

There being no further business meeting adjourned.

W. A. DOUGLASS, Secretary.

*Extract from the minutes of the meeting of the Board of Managers of the Presbyterian Hospital, held November 19th, 1906.*

"The Board of Managers of the Presbyterian Hospital of the City of Chicago has been bereft of one of its most useful and highly prized members in the death, on the 9th inst., of Mr. John Calvin Welling. That sad event happened to him at the age of sixty-six years, numbered from February 24, 1840, the date of his birth.

"His eye remained undimmed, and his natural force unabated, to all appearances, as he quietly and placidly mingled with us, and with his business acquaintances, until his recent illness, which was contracted about two weeks prior to his death.

"Of his membership of the Board, continued for more than seventeen years, no less can be said than that his duties as a member, including also service upon various important Committees, and as Vice-President for eight years, as also for a time Acting President, were discharged with the highest fidelity. He brought to his self-sacrificing service unusual business capacity, such as secured to him the tribute of high rank in railroad and financial circles, as well as in social life and general business affairs, and he exhibited here, as he did elsewhere, a courtesy and kindness of manner and heart which his associates cannot well forget.

"No ordinary tribute to his memory could extol unduly his merits."

TWENTY-FOURTH ANNUAL REPORT  
 OF THE  
 BOARD OF MANAGERS  
 OF  
**The Presbyterian Hospital**  
 OF THE  
 CITY OF CHICAGO

---

CHICAGO, March 29, 1907.

*To the Members of the Society, the Churches Affiliated With It, and the Public:*

The past year in the history of the Hospital has been one of steady work and normal progress. From a financial point of view, the most important matter has been the completion of our subscription for new buildings to the amount of \$400,000.00. Satisfactory as this has been, it is still below our needs. With the amount already secured we can erect the proposed private pavilion. Plans for this are well under way, and should be ready for obtaining bids in a very short time. We hope to break ground not later than the 15th of May, and to push the erection of the building to a speedy completion.

It is very important that the Ross Hamill building should be torn down, and a modern fire-proof structure erected in its place. This is necessary in order to give us a well-rounded Hospital, with a proper division of ward and private patients, and perhaps, most important of all, for a careful and economic administration of the Hospital.

After such a very generous response as the Board of Managers has met with from devoted friends and the public in general, as evidenced by subscription of \$400,000.00, it is difficult to know where to obtain this other \$200,000.00, but it is absolutely needed, and without it the Hospital cannot occupy the position to which it is entitled, and which its friends expect for it, and therefore we hope that this additional amount will be obtained within the coming year.

As a city Chicago is far behind in hospital facilities for the care of its sick and in endowment for those in operation. The following statistics from recent reports are instructive by way of comparison. They show :

## PRESBYTERIAN HOSPITAL OF NEW YORK.

Buildings and furniture .....	\$2,239,977
Endowment for rooms and beds.....	747,839
Sundry funds .....	24,305
Donations one year .....	67,897
Legacies .....	60,439
Patients admitted one year .....	3,162

## ST. LUKE'S HOSPITAL, NEW YORK.

Buildings and furniture .....	\$2,738,031
Endowment for rooms and beds.....	1,400,215
Securities and cash without restriction.....	272,240
Patients admitted one year.....	3,170

## PRESBYTERIAN HOSPITAL, CHICAGO.

Buildings and furniture .....	\$ 260,800
Endowment for rooms and beds.....	491,938
Donations .....	17,620
Income Endowment fund.....	16,687
Patients admitted one year.....	3,459

Our Hospital receipts are much larger than those of any other hospital that I am acquainted with, arising from the fact that we have a large number of private rooms. The profit from these rooms enables us to carry on our Charity Work, which otherwise would be impossible. If we had as large an endowment as the two hospitals mentioned, and as liberal yearly donations, we could increase our free work very greatly. And these two are only instances of many others in New York equally well provided for. It would seem only necessary to call attention to our needs, and the discrepancies which exist as compared with other institutions, to cause such a response from the large Presbyterian body of this city and vicinity as will put our Hospital on an assured foundation, and make it the representative Hospital of the West. We have the organization, the Medical and Surgical Staff. With the new buildings which we need and a somewhat more liberal support yearly, our Hospital would take on new life and become a power for good in this city which can hardly be estimated. We adhere to our policy of encouraging poor patients to pay what they are able, rather than to treat them as free cases, and have no reason to believe that it is not beneficial to them. Of course, we have quite a large amount of entirely free work, but all such cases are carefully investigated and are not received unless we are satisfied that they are needy and unable to pay anything. All emergency cases are taken at any time without question.

The work of the Hospital has been satisfactory. The service throughout shows a steady improvement. Our free work is increasing, though not to the extent that we hoped for, and which will be if our donations are increased. Our endowment is smaller than it should be, and our donations, while liberal,

are not commensurate with the work which is constantly pressed upon us, and which we are most anxious to do. We hope that, during the coming year, additional interest will be manifested on the part of the churches connected with the Hospital, and of individuals and the public generally, so that we may be able to show at its end a greater advance in the amount of free work.

The Training School is steadily advancing in every respect, and it is the opinion of the Medical Staff that our pupil nurses are showing a high degree of efficiency. It is conducted on a high standard, the aim being to graduate nurses equipped in the most thorough manner, without regard to numbers. This plan is bringing to us applicants of a high class, well adapted for their profession, and is sure to bring us all the pupils that we can take care of. The School shows a steady, satisfactory growth.

In this connection, the following statement from Dr. Frank Billings is of especial interest.

"For many years the Presbyterian Hospital has had an intimate relation with Rush Medical College. This affiliation has been of mutual advantage.

By agreement between the two corporations the Medical Staff of the Hospital is chosen from the faculty of the Medical School.

This insures the hospital a staff of physicians, surgeons and specialists who have attained eminence in their profession.

The professional standing of the staff gives the hospital a reputation which attracts patients both rich and poor to its doors.

This Hospital long has recognized the fact that this Association, with the Medical School, insures a thorough, scientific and up-to-date medical and surgical service to the patients.

Clinics, presided over by the members of the Staff, are held in the operating rooms of the hospital and in the clinic rooms of the college. Hospital and out patients go before these clinics. No patient is obliged to go before a clinic, and only those go who give voluntary consent. A refusal to go to the clinic is always respected, but it is a remarkable fact that a refusal on the part of a patient is practically unknown. The care which is taken by the clinicians to respect the feelings of the patients and the thoroughness and painstaking care with which all methods of examination and treatment are carried out arouses the grateful appreciation of the patients. They recognize that they receive in the clinic and in the hospital a degree of attention and care rarely given to the wealthy invalid in private practice. Many pay patients, even some in private rooms, voluntarily ask to go before the clinic.

Hospital clinics are of additional value because of the publicity they afford. Neglect of patients and personal abuse can not exist with the publicity afforded by clinical instruction. Clinics require well-kept charts and records of each patient. A written record implies a thoroughness of detail in all methods of examination and treatment, which is beneficial to the patient.

The excellent reputation of the Presbyterian Hospital Training School for Nurses is due, in no small measure, to the fact that its pupils receive instruction in the fundamental medical sciences in Rush Medical College.

The practical knowledge which the medical student and the trained nurse receive from observation of the careful methods of making examinations of the patients and the application of medical and surgical treatment could not be obtained in any other way.

This Hospital is therefore an institution which cares most adequately for the sick and is also an *educational* institution. This latter function has not been recognized even by its friends as it should be. Surely to train young men and women how to recognize disease and how to treat and nurse the sick is of great importance not only to this, but to other communities to whom these well-trained physicians and nurses will go. Through these men and women its benefits are multiplied and extended far and near."

The Hospital year closes without any deficit. This is especially gratifying in view of the fact that all cost of supplies, labor, and every item which enters into the management of the Hospital has shown a large increase, and the service has been fully maintained.

In the death of Mr. John C. Welling, for many years a prominent member of the Board, the Hospital has lost a very devoted friend, whose loyalty to and constant thought for all the interests of the Hospital were an inspiration, and a great assistance to the Board of Managers.

Most sincere thanks are gratefully given to the many friends who by their generous contributions have enabled us to raise the large amount of money already mentioned, and to those that have assisted so liberally by their donations to the administration during the past year. The Hospital is under great obligation to Messrs. Arthur, Young & Company for complete auditing of all accounts without charge.

To the loyalty and increased interest of the Medical Staff special thanks are sincerely given. Thanks are also due to all the employes of the Hospital in its several departments for their faithful discharge of all duties during the past year.

The increased spirit of harmony and of devotion to the interests of the Hospital, without regard to personal consideration, on the part of every one connected with it, from the Medical Staff to the humblest employe in the house, has been a marked feature of the past year, and has caused a decided improvement in every service and every department.

ALBERT M. DAY, President.

---

CHICAGO, April 1st, 1907.

*To the Board of Managers Presbyterian Hospital, Chicago:*

In various ways the work of the past year is in advance of that of former years. More patients have been treated, more general service rendered and greater relief extended. With better equipment and service in the different departments, better results have been obtained. There has been a hearty co-operation in the work between the Medical and Surgical Staff, nurses and employes, and as long as this co-operative spirit prevails naturally the standard of service will gradually rise.

Religious services have been held in the Chapel every Sunday morning by the Chaplain, assisted by young ladies from Erie Chapel. Ministers of the various denominations were permitted to visit the sick at all times.

It will be seen that the beneficent work of the Hospital has increased, as well as the cash receipts from pay patients, while the running expenses of the Hospital are less.

## RULES FOR THE ADMISSION OF PATIENTS OF

# The Presbyterian Hospital

---

1. Patients suffering from severe accidents or serious illness shall be admitted to the Hospital at any hour of the day or night.

2. Other patients shall be admitted between 9 o'clock A. M. and 5 o'clock P. M.

They must apply in person at the office of the Hospital, when they will be examined by the Medical Superintendent of the Hospital or some other physician or surgeon appointed by him for that purpose.

In case the patient cannot apply in person, the Medical Superintendent shall satisfy himself that the case is a proper one for the Hospital, before admission can be granted.

3. Any physician or surgeon may send to the Hospital such pay patients as may be properly admitted, but no patient shall be admitted to any of the endowed beds, except by the permission of the Superintendent, or upon the recommendation of a member of the Board of Managers, signed by the President.

4. Applications for the admission of patients must be accompanied by a certificate of a physician or some reputable persons in their neighborhood, if not recommended by a member of the Medical Board, and in no instance shall a patient who is able to pay be admitted without such a certificate.

5. No patient shall be allowed to remain in the Hospital longer than three months, except upon the recommendation of the attending physician or surgeon.

---

## FREE BEDS AND MEMBERS.

---

A donation of ten thousand dollars entitles the donor to nominate patients to a free bed in a room in perpetuity.

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in the general wards in perpetuity.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed in the general wards for life of donor.

A donation of three hundred dollars annually entitles the donor to nominate a patient to a free bed in the general wards.

A donation of one hundred dollars or more constitutes the donor a life member of the institution.

A yearly donation of ten dollars constitutes an annual member.

EXAMINING ROOM

## RULES FOR VISITORS.

---

1. Visitors will be admitted to the Hospital on Sundays, Tuesdays and Thursdays, from 2 to 4 P. M., and at no other time, except by special permission.

2. Not more than two visitors will be admitted to see any patient in one day, and children will not be admitted except by special permission.

3. No male visitor, except a near relative, will be admitted to the female wards, and no female except a near relative, will be admitted to the male wards.

4. Articles of food or drink must not be carried into the wards; they must be left with the head nurse of the floor, and if approved by the physician will be sent to the patient.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends, and leave the building promptly at the ringing of the bell announcing the end of the visiting hours.

6. In case of alarming illness, of which due notice will always be given if practicable, to the immediate relatives or friends of a patient, visits will not be restricted to the regular days or hours.

Any violation of these rules will subject the offender to exclusion from the premises.

# THE FOURTH ANNUAL REPORT

## OF THE

# School for Nurses

## OF

# THE PRESBYTERIAN HOSPITAL

---

*Mr. President, Members of the Board of Directors:*

The fourth Annual Report of the School for Nurses of the Presbyterian Hospital is as follows:

The Hospital having completed the heaviest year's work ever accomplished, the School naturally also has had a proportionate increase in work. There have been on duty in the Hospital, for general executive work, for operating room purposes, and for actual nursing, an average of:

Supervisors .....	3
Head Nurses .....	8
Post Graduate Nurses .....	10
Student Nurses .....	50
Graduate Special Duty Nurses .....	19

### IN THE CENTRAL FREE DISPENSARY.

Supervising Nurse .....	1
Preliminary Class Students .....	5

Added to this, a superintendent of nurses, one supervisor for the preliminary class, one supervisor for the Home, one diet instructor and twenty-one preliminary pupils, makes a total in the School (minus the graduate special duty nurses) of 102.

This number looks large, and especially so when compared with some institutions having fewer nurses in proportion to patients. In all such comparisons of our School with others, it is only just that the following facts be borne in mind.

- (1.) Our pupils are on duty only eight hours out of each twenty-four.
- (2.) Classes and Lectures are held in the day time.

(3.) The Nurses' Home, in which all meals are served, is from eight to ten minutes' walk from the Hospital.

(4.) The School supplies the ever-increasing demands of the surgical and medical clinics of the Rush Medical College.

(5.) There is a larger number of private and semi-private patients in this Hospital than in the majority of hospitals.

(6.) Preparatory training of our pupils being necessary to provide proper nursing for the Hospital, an additional nurse instructor is required, while the number of pupils in the preliminary class increases the total by from twenty to thirty.

Besides carrying on the general nursing of the institution, the School has accomplished two hundred and forty-nine days of special nursing, has performed its routine work in the Central Free Dispensary, has taken up a small outdoor service in connection with the obstetrical department, and has fulfilled its function of educating its pupils and of graduating a second class.

In its educational efforts much assistance has been given to the School by the Rush Medical College, and we are especially indebted to the College for the instruction provided our students in Bacteriology and other laboratory work. This instruction, added to what is given by the Staff of the Hospital and by the Staff of the School, places our educational advantages, both practical and theoretical, far above the average.

The Registry has received many calls to send graduate nurses to care for patients outside the Hospital, or to accept positions in other institutions, and has been able to respond to one hundred and thirty-three of these. It has also provided six thousand eight hundred and fifty-four days of special nursing in the Hospital to graduate nurses.

Eighty-three formal applications have been received during the year from young women wishing to enter the School, and fifty from nurses desiring post-graduate work.

Our second class of seven nurses will be granted diplomas on April 11, while twenty-nine graduate nurses have been given certificates for post-graduate work of four months or longer in the Hospital.

The following changes have been made during the year for the purpose of providing practical instruction along special lines: To secure experience in contagious diseases, after the closing of the McCormick Institute, an arrangement was made with the Illinois Training School by which those pupils wishing this training could obtain it in the contagious department of the Cook County Hospital. The Visiting Nurses' Association of Chicago, requiring the services of more advanced pupils than we could supply, the affiliation of the School with that Association was terminated. By giving up this work for our preliminary pupils, we have been able to undertake systematic instruction long planned for in other departments. Through the courtesy of Mr. Gray, the pharmacist of the Hospital, it has been arranged that each member of the class spends three weeks in the pharmacy under his instruction and supervision. We consider

that the experience and practical knowledge thus gained by the nurse are of the greatest value to the Hospital, in so far as such knowledge on the part of our pupils lessens the danger of mistakes occurring in the use of drugs.

Also for purposes of instruction in the preliminary division, and to accomplish economy in the use of material, a surgical supply room has been fitted up in the Hospital, where, under the supervision of a graduate nurse, all surgical supplies are made and the combined results of training and economy obtained.

We have received, during the year, from Mr. Albert M. Day, the President of the institution, a gift of one hundred and fifty dollars, to be given annually for distribution as prizes. The prize winners are: In the Senior Year, A. Division, Miss Theodora Townsend, for an essay written on "The Nursing of Children"; in the Junior Year, A. Division, Miss Sylvia Chenoweth, for general proficiency, and in the First Year, A. Division, Miss Martha Avery, also for general proficiency.

Several changes have taken place in the personnel of the Staff. Two of the assistants, Miss Cross and Miss Jones, left, the former on account of ill health and Miss Jones to take charge of a hospital in Ohio. They have been succeeded by Miss Gertrude Thompson and Miss Russell, both of whom have been with us as supervising nurses, for several years.

Our ten graduates, who have made creditable records throughout the year, are beginning to scatter. Miss Martin still holds her position on the Staff of this School; Miss Blanchard accepted a hospital position in Ohio; Miss Barron, now married, lives in Mexico, while of the other seven, employed as private nurses in Chicago, two are at present on duty in California. An Alumnae Association has been formed by them to keep in touch with the School.

The Home for the Nurses on Ashland boulevard is comfortable and home-like, but to make it more so the following suggestions are respectfully offered: A second simple dormitory, with a sufficient number of bed rooms to allow each pupil a single room; more dining room space; an assembly hall in which to hold lectures and commencement exercises; some provision, in the way of balconies or roof equipment, by which nurses may get air without the necessity of going on the street.

Again, during the past year, much has been done for us by our friends, and to all of these we wish to express our gratitude. Also our thanks are due to the gentlemen who have lectured or otherwise assisted in the work of instruction; to Dr. Herrick and Dr. Irons, the physicians of the School; to the members of the Staff and the officers of the Hospital; to the ladies of the Ladies' Aid Society, and to the Board of Managers of the Institution.

Respectfully submitted.

M. HELENA McMILLAN,

Superintendent of Nurses and Principal of the School.

## LADIES' AID SOCIETY OF THE PRESBYTERIAN HOSPITAL

---

Report of the Secretary for the year ending March 31, 1907:

Since the last annual meeting, held April 2, 1906, the Ladies' Aid Society has held meetings each month, with the exception of July and August. The Executive Committee has held ten regular meetings during the year.

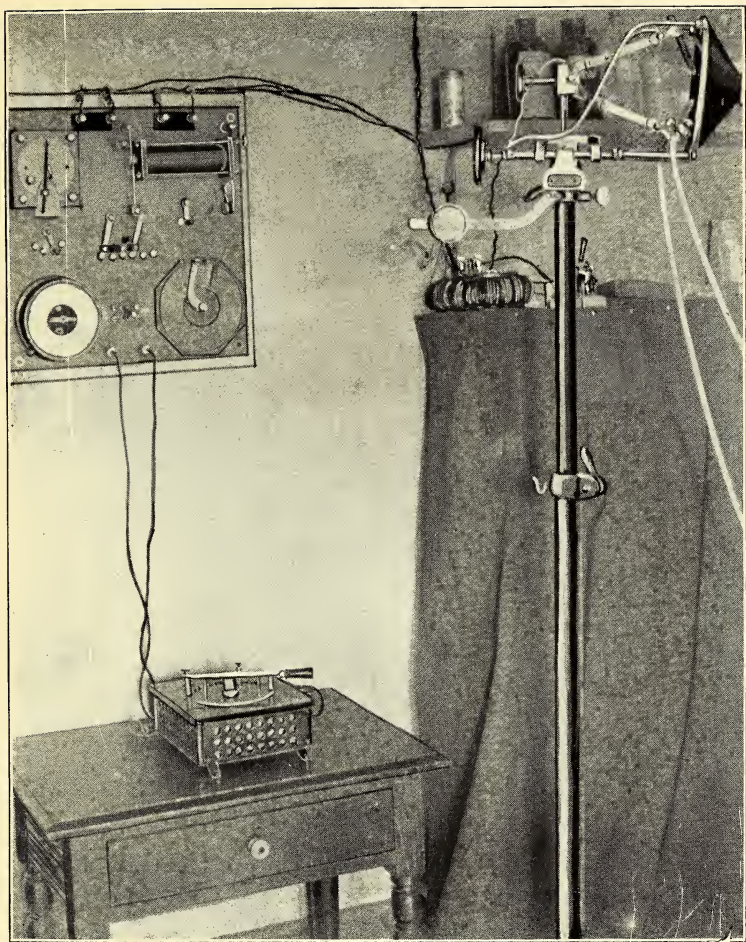

There have been seventeen new members added to the roll and eight resignations accepted. The Society has lost one of its members by death, Mrs. John Woolacott.

The average attendance has been forty-one, with a present enrollment of one hundred and forty-nine.

Respectfully submitted,

ALICE WOOD COY, Secretary.

## REPORT OF LIBRARY COMMITTEE

---

The Library Committee has held eleven (11) meetings during the year. The largest number present at any one meeting was ten (10); the smallest, one (1).

The bookcases in the main building have been refilled every month—the one in the maternity several times. We have covered 1,349 books.

Our friends have generously remembered us with books and magazines. One fine package of scrap books and pictures for the children's ward was sent us from the Northwestern Settlement. As that is a Methodist work and has a large hospital of its own denomination, this seemed to us a very gracious gift.

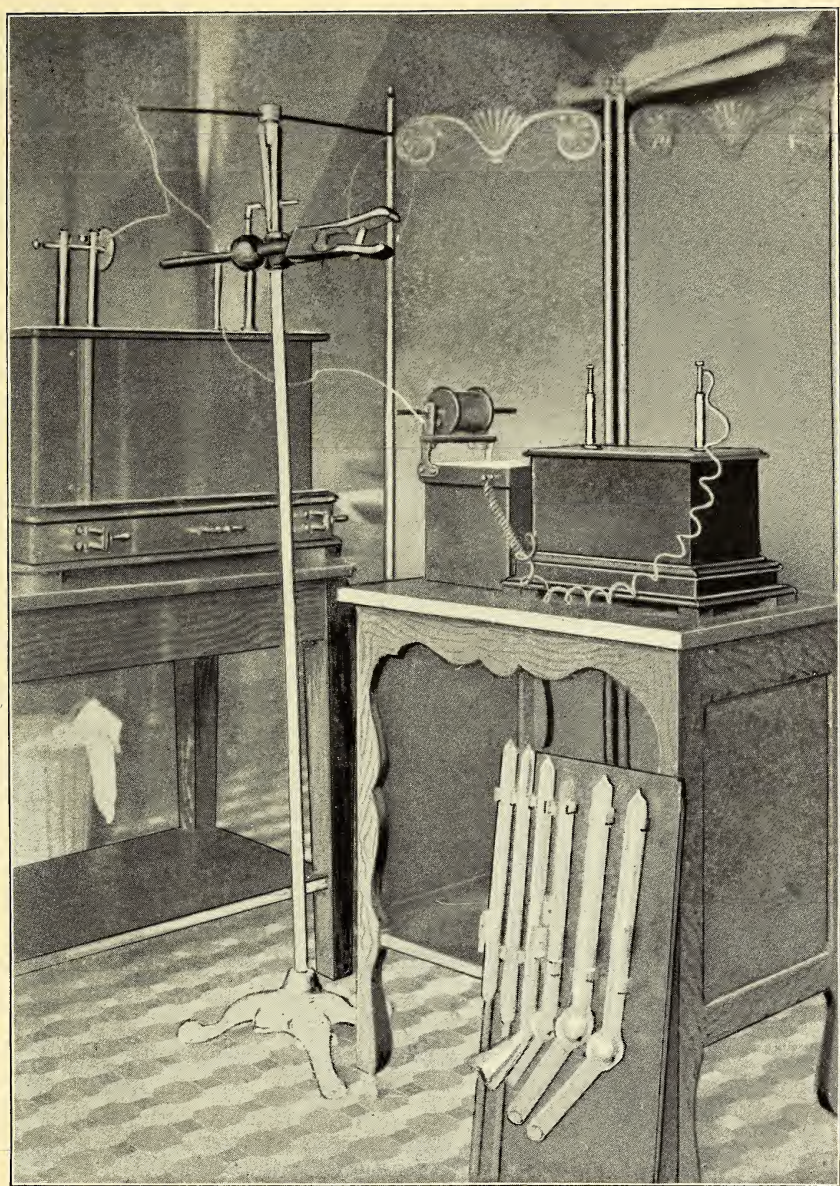

Again we would thank the Ladies' Aid Society for their annual gift of fifteen dollars and the many members of the Board who have remembered us throughout the year.

Respectfully submitted,

MRS. FRED B. CARTER,

*Chairman.*

## REPORT OF VISITING AND DEVOTIONAL COMMITTEE

---

The Visiting Committee has held four meetings during the year; the least number present being three.

We have to report the loss, by death, of our dear friend and co-worker, Mrs. John Woollacott, who was always an interested and active worker on our committee.

There are a few new members, who have joined us the past year, very much interested in the work of carrying good cheer and a loving message from the Master.

In April there were made about thirty-one calls. Last month (March) we are able to report one hundred and twenty-two visits to the sick and afflicted, besides those made in the children's wards.

You will be pleased to know a West Side florist has promised flowers twice a week to the visiting committee. We sincerely hope other florists may follow this good example. Last spring, summer and autumn our suburban friends were most generous with their floral gifts.

The happy Christmas was the especial delight of all the little folks. There has been added to the children's ward a child's movable bed, wheel chairs, and hot water bottles purchased with Christmas money given by kind and generous friends. In February one of the Presbyterian ministers wrote: "Enclosed I send you check for \$25.00 for friends of little children, for the free work of the children's ward. It is a thank offering for the recovery of the child of one of the families in my church."

One of our most interesting letters was from a Chinese Mission, thanking the hospital for the kind care and attention extended to one of its members, signed by seventy-one officers and pupils.

One should visit at least twice a week—to keep in touch with the patients, and be of much help to them. In many cases, however, the patients remain long enough to look for the weekly call, and welcome the visitor as a friend. The out-of-town people are very appreciative, as their loneliness, of course, is great.

The patients, without exception, speak in terms of the highest praise of the hospital—the kindness of the nurses, and the consideration received, generally.

The opportunities for the Visiting Committee are very great. If each member could devote one afternoon a week to the work—making it possible for many more suffering ones to be diverted from their pain for even a short time—it would certainly be worth while—and well repay them for the effort made.

Respectfully submitted,

WILOMENE T. WHITE,  
*Chairman.*

## REPORT OF THE ASSOCIATE MEMBERSHIP COMMITTEE FOR THE YEAR ENDING APRIL 1, 1907

---

Number of members, 723. Total amount received, \$1,003. The Second church has the largest number of members and we are indebted to it for contributing the greatest sum of money, quite an increase being made over last year. The Committee has held two meetings. At the one held in October, the circular sent out by the churches was revised, combining the two forms of last year. The Committee communicated with thirty-seven churches, thirty of which have taken an active part in the work of the hospital during the past year. Several churches were repeatedly solicited, but no response received; others felt they could undertake no new obligations. The work of this Committee is carried on by a treasurer, appointed in each church, who is to send out membership blanks to every woman in their individual congregation and the responsibility and success of the fund in reality rest upon these officers. If the reports of the hospital are read and the buildings visited, the ladies thus making themselves familiar with the splendid work which is forwarded by their gifts, there could be no lack of interest. We long for the time when all the women of the Presbyterian churches will recognize more fully the personal claim this hospital has upon them and place it among their foremost benevolences.

Respectfully submitted,

AMELIA OWSLEY CRAIG,  
*Chairman.*
